ERACENT – POWER FULL

IT Asset Management and Software Asset Management are getting more complex and trickier all the time. In this ever-changing environment, we know that our customers are looking to make better use of their existing tools, improve processes and compliance, and realize cost savings. As part of our commitment to help improve our customers' ITAM and SAM processes, Eracent invites you to join us for an "Eracent - Power Full" Workshop. This workshop will equip you with best practices and state of the art processes for strengthening your ITAM program.

Eracent - Power Full is a two-and-a-half hour customer-specific and customer-focused workshop to support IT operations management and expedite your digital transformation journey, and it also covers how the Eracent toolset can help you reduce overhead and improve IT security. The workshop will provide best practices for:

- ✓ Improving ITAM Operations
- ✓ Enhancing User Experience
- ✓ Fiscal Discipline
- ✓ Protecting & Securing Your Environment
- ✓ Reducing Time for Software Audits
- ✓ Defining KPIs for Your ITAM program
- ✓ Automation, Integration & Modernization (AIM)
